

Sebright Primary School

Art workshop- 2017

A group of year 6 students visited Haggerston School Art department to take part in an Art workshop.

Pupils created Artwork inspired by their current Primary School curriculum project theme of evolution and inheritance. Pupils explored new materials and techniques such as chalk pastel blending, colour mixing, oil pastel mar-making and dip pen and ink drawing techniques to record detailed studies of creatures trapped in amber.

Sebright Primary School

Art workshop- 2017

A group of year 6 students visited Haggerston School Art department to take part in an Art workshop.

Pupils created 3D Artwork inspired by their current Primary School curriculum project theme of evolution and inheritance. Pupils responded to the work of sculptor Peter Randall-Page. Pupils explored new materials and techniques such as manipulating animation clay and using clay tools to create sculptures based on Ammonite fossils.

Work of Peter Randall-Page
