DOWNING COLLEGE
CAMBRIDGE

Cambridge University Taster Webinar For Year 9's Wednesday 24th March, 4pm – 5.30pm

Students attending the webinar will have the opportunity to find out about the University of Cambridge and explore what opportunities are available for them in the next few years. The aim of the webinar is to encourage students to think about higher education and what they can do now to support their future. A member of the admissions team and current undergraduate students will be running the webinar, and they will be happy to answer any questions students may have about Cambridge.

NextGen Nurse: starting as a Healthcare Support Worker Virtual Insight Years 11-13 - closing 26th February

This live session will support students in finding out about how they can start as a Healthcare Support Worker in the NHS and progress to become a qualified nurse. In this session we will talk through how to become a Healthcare Support Worker, and how to progress to become a registered nurse (if wanted). You'll hear from practising nurses who have taken this route, as well as Healthcare Support Workers who will talk about their role and answer questions.

Samsung: Solve for Tomorrow Competition For Years 11-13 Closing 21st February

Solve for Tomorrow is a nationwide competition, empowering the UK's next generation of innovators to change the world for good. No qualifications required. No existing expertise needed. Just an idea for a new tech product, service or app that could make a real difference to the people and the communities most in need, within one of the following challenge areas; Social Isolation, Diversity & Inclusion, Education or Sustainability. Successful entrants will receive access to coaching, workshops and mentorship to help develop their idea and equip them with future-ready skills, as well as the chance to win £10,000 and long-term support for their idea. Entries are welcome from individuals or teams of up to 5 people.

Royal Veterinary College
Summer Schools 2021 for years 10, 11 & 12
Closing 2nd March

The Summer Schools usually take place on campus, however they were run online for 2020 due to the pandemic and are likely to look slightly different again in 2021. As well as taking part in online lectures, virtual practical demonstrations and Q&A with world-leading researchers, they hope to welcome every student to campus for hands-on experiences in their animal hospitals, Clinical Skills Centre, labs or farm. Participants will also get the chance to meet current RVC students, other young people with a passion for animals and professionals working in a range of animal science careers.

For full details and to apply visit:

Year 10 - Thursday 5th - Friday 6th August (non-residential)

Year 11 - Wednesday 11th August - Friday 13th August (non-residential)

**Medicine and Dentistry Opportunity
For Year 12**

Application Deadline 2nd March @ ioam

King's College London [MedView](#) and [DentView](#) programmes are now open. The programmes are made up of a series of events designed to support students with their applications to medical and dental school, as well as provide extracurricular opportunities to enhance their understanding of careers in the fields of medicine and dentistry. Events and activities include a three-day Spring School in April, followed-up by workshops on personal statements, UCAT, and interviews over the summer.

The MedView and DentView programmes are **open to students from across the UK for the first time**, although we are only able to allocate **20% of places** to students based outside of London.

The application form can be found [here](#), and the deadline for students to apply is 10:00 Tuesday 2nd March 2021. Full eligibility criteria can be found on the [application form](#). All students must have attended a non-selective state school since age 11.

Allied Healthcare Mentor

Live virtual NHS Healthcare Careers Work Experience

Application Deadline 2nd March @ ioam

Take your first step towards a healthcare career with the U.K's only LIVE Virtual Work Experience Programme created and delivered by healthcare professionals.

You can select from one day or a full 6 months work experience where you will follow a patient's journey from admission to discharge in the high fidelity simulation suite, designed to provide you with an immersive experience.

The work experience programme is specific for students interested in: Nursing, Midwifery, Paramedics, Physiotherapist, Occupational Therapist, Radiographers, Podiatrist, Orthoptist, Osteopaths, Dieticians, Speech and Language Therapists and much more. No work experience day is the same and you will also be awarded certificates for attending each day.
