# DPR Homework

All homework is set on the DPR. It will include all of the information students need to successfully complete their homework.

The screenshot shows the DPR Homework interface for a psychology assignment. On the left is a blue sidebar with icons for Dashboard, Assignments, Access, Intervention, and Analytics. The main content area is titled 'Psychology - Ms Harry - Biopsychology Summer homework' and includes tabs for 'ASSIGNMENT' and 'ASSESS'. The assignment details are as follows:

- TITLE:** Psychology - Ms Harry - Biopsychology Summer homework
- DESCRIPTION:**
  - Using the lesson powerpoints complete the Biopsychology workbook.
  - Complete the biopsychology exam questions - This form allows you to edit after you have submitted it, so you don't have to complete it in one go.

# Attendance and Punctuality Expectations 23-24

High Attenders, High Achievers

**Attendance**

High Attenders, High Achievers

Haggerston **School**

# The link between attendance and achievement

Research shows that A level students with 85% achieve one grade lower than those with 95%.

If attendance falls below 95% you will not qualify for the termly bursary payments (FSM or hardship fund)

If your attendance falls below 80% your place in Year 13 may be jeopardised.

Punctuality affects your attendance. If you arrive after registration closes (9.15) you are marked as absent. This absence is unauthorised and can lead to fines.

If you are constantly late to school but are here the rest of the day (eg. most of period 1 is missed), without the loss of any full days due to illness, you lose 16% of their lesson time over the week. (This is like the student who has 84% attendance over the year)

# Rewards!

## Highlighted in parent bulletin & Tutor Time

### Every week

If your child's TG had the highest % attendance in their YG in the week then they can gain an early lunch pass for the whole of the next week.

### Every Term

We will hold A&P week. If your child's TG has the highest weekly attendance in their YG then they will win a pizza lunch.

If your child has 100% A&P in a term they will receive 100 Credits

# Minimising loss of learning time:

## 1 - Medical appointments

Ideally these would never happen in the school day as students lose lesson time. If an appointment in the school day cannot be avoided, please try and schedule these as late in the afternoon as possible. (The child who leaves in period 3b for a 4pm appointment loses a lot less learning time when compared to the child who arrives before lunch).

---

# Minimising loss of learning time:

## 2 - Holidays

We are not allowed to authorise holidays in term time. If these are taken, fines do follow.

Requests need to be made formally to the HeadTeacher

If you need to speak to a member of staff about your child's attendance or punctuality, please ring the school and ask to speak to your child's pastoral team. This could be your child's tutor, Assistant Head of Year or Head of Year.

# Early Help

Providing early help is far more effective in promoting the welfare of children – and keeping them safe – than reacting later, when any problems, for example neglect, may have become more entrenched. The importance of using a child centred approach in following the child's journey is also emphasised. All services which are provided must be based on a clear understanding of the needs and the views of the individual child in their family and community context.

**Contact** - Do you know who you are in contact with? Have you actually ever met them? How appropriate is that contact? How does that contact make you feel?

**Content** - What are you watching/playing? Is it appropriate? Could this lead to negative behaviours towards your own development in the future?

**Conduct** - How are you behaving? Are you making someone else feel bad? Would you still post or comment if your parents could see as you were typing? Are you making yourself a risk for exploitation?

**Commerce** - Are you having to provide any details? Could your data be at risk? Have you shown the email/message/any communication to your parents? Are you having to input any money?

We will always work with you and in the best interest of your young person

**mace** 2022 Mace Careers in Construction Programme  
For years 11 & 12  
11th – 13th July

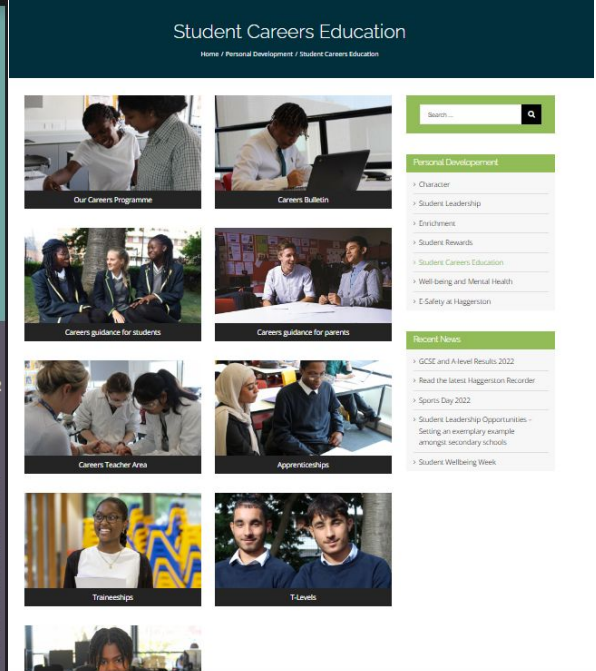

This three-day Careers in Construction Programme is designed to give students an introduction to the world of built environment, from development and consultancy, to construction and operations. With exposure to colleagues across Mace, the programme is an opportunity to experience their business first-hand. During the three days, participants will gain work experience, take part in interactive workshops, shadow and learn from current graduates and network with senior colleagues. There will also be visits to the sites of some of MACE's iconic projects and personal development sessions, such as CV writing, interview preparation and assessment centre skills. There is also a chance to secure an apprenticeship if participants do well on the programme.
